

**MANNING NATURAL GAS
GAS REBATE PROGRAM**

GOAL:

To reduce energy consumption and peak demand periods while promoting natural gas by offering purchasing advice and rebate incentives.

OBJECTIVES:

To encourage the replacement of existing, inefficient gas furnaces, ranges, dryers, water heaters and/or fireplaces with their energy efficient equivalent. (Category I)

To encourage the replacement of existing, inefficient furnaces, ranges, dryers, water heaters and/or fireplaces of another energy source (electric, fuel oil, etc.) with that of an energy efficient natural gas appliance. (Category II)

To encourage a possible combination of the aforementioned to those who construct and include a natural gas energy efficient furnace, range, dryer, water heater and/or fireplace in their construction. (Category III)

QUALIFYING CUSTOMERS:

Residential, Commercial and Large Volume customers within the Manning Natural Gas service area.

DESCRIPTION:

The following rebates will be issued to qualifying customers within 30 days of Manning Natural Gas Department receiving a completed rebate confirmation form and copy/copies of all sales receipts from the customer. Customers may be eligible for one or all rebates offered. **All rebates will be awarded the customer in the form of a credit on their Manning Natural Gas account.**
